### DETAILED ACTION

The restriction/election requirement has been withdrawn and all the claims have been examined on the merits.

#### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) do not apply to the examination of this application as the application being examined was not (1) filed on or after November 29, 2000, or (2) voluntarily published under 35 U.S.C. 122(b). Therefore, this application is examined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

2. Claims 1, 11 and 21 are rejected under 35 U.S.C. 102(e) as being anticipated by Dominike et al (6,154,688).

As per claims 1, 11 and 21, Dominike discloses:

- integrating the diversified pieces of information (column 2, lines 43-51);
- providing each of the integrated pieces of information with a priority order indicating an importance of each piece of information (figures 2-6) and
- when one or more pieces of information are processed in the vehicle, allocating one or more appropriate resources selected from a plurality of

diversified resources to the integrated pieces of information according to the priority order given to the integrated pieces of information (column 2, lines 52-67).

***Allowable Subject Matter***

Claims 2-10, 12-20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
